Terms Governing This Sale

Bidders unknown to us will please furnish bank or other references or deposit 25 per cent with their bids and it is agreed that remittance will be made upon receipt of invoice if references are not furnished.

Any coin which is not satisfactory may be returned within five days from date of receipt for full refund. You must be satisfied. **PAYMENT TO BE MADE UPON RECEIPT OF MERCHANDISE.** Coins remain our property until paid for. There will be no charge for executing your bids but the purchasers will be required to pay the postage and insurance on their purchases. If you do not wish coins sent airmail please note this on your bid sheet.

We shall welcome your bids and will try to purchase the coins as much below your bids as possible. **PLEASE BID BY THE LOT.** Unlimited bids are executed at an advance of 5 per cent over the next highest bid. Numbers in () are the quantity of that item.

If you are interested in any particular coin, we shall be glad to have you write us for full information. **LOTS CANNOT BE BROKEN.** Be sure you bid on the correct lot as we cannot be responsible for errors in bidding.

NOTICE TO NEW BIDDERS

Our Mail Auction Sales Are Conducted in the Following

1. Bids are entered in the order received; if identical bids are received, the first bidder is awarded the lot. **SEND BIDS AIRMAIL—IT PAYS.**

2. The highest bidder on the date of the sale is awarded the coin at a slight advance over the second highest bidder. Bids you send in are the maximum you are willing to pay for the coin. **WE, AS YOUR AGENT, TRY TO BUY THE COIN AS LOW AS THE NEXT HIGHEST BID WILL ALLOW.**

3. Valuations placed in the auction catalog are catalog prices, prices generally asked by dealers when the coin is in stock, or prices generally realized at auctions.

ANY COIN WHICH IS NOT AS REPRESENTED MAY BE RETURNED WITHIN FIVE DAYS FROM DATE OF RECEIPT FOR FULL REFUND. YOU TO BE THE SOLE JUDGE AS TO CONDITION. YOU MUST BE SATISFIED. No, you won't receive a nasty letter for returning a coin—instead you will receive a letter thanking you for calling attention to the error made in cataloging. While we try to describe coins as accurately as possible, it is inevitable that an occasional error is made in the cataloging of thousands of coins each month. Whenever this happens, we want it called to our attention to help prevent future errors.

The coins will be on display the day of the sale at our offices and can be seen by appointment any day prior to the sale.

If you are not interested in these sales, won't you advise us so we may discontinue sending you catalogs.

PRICE LIST OF SALE 50c

Is This Your First Auction Catalog ?

Proof coins, currency and commemoratives seem to be rising the most rapidly at present with most bringing close to listed values and a great number bringing even more. Many are rising from month to month with a number "just not obtainable." The coins most in demand will have the greatest number of bidders and with the law of supply and demand working, these coins keep setting new records.

Sometimes a collector writes us asking why our estimated values in some instances are higher than the catalog listing. This occurs when the demand is so great and the supply so small that new records are set whenever these coins come upon the market. If one will take a few moments to reflect he will understand that it takes several months to compile the necessary information before the catalog can be published, therefore, it is inevitable that the catalog listing will be under the prevailing market price on the items in popular demand, at the time of the publication. In the final analysis, you, the collector, are the one who sets the price.

BIDS ARE RECORDED AS FOLLOWS: Each bid sheet is given a number as it comes in, and the bids are recorded. In the event of identical bids, the first bidder receives the lot. At the last day of the sale, the books are close with the highest bidder on each lot being awarded the lot at an advance of not over 5% above the next highest bidder. For illustration—the two highest bids received on a lot may be \$17 and \$20. The highest bidder who bid \$20 would receive the lot at \$17.25. We act as your agent and use your bid as a limit—not as a final bid unless we are forced to do so to obtain the lot. We accept unlimited bids which generally assures the bidder of obtaining that lot regardless of what the highest bid may be. Where the lot is bringing far more than we believe it is worth or in the event of two unlimited bidders on the same lot, we notify the unlimited bidders by phone or wire, if necessary, in order to obtain a fixed limit to the bid. Even tho auction purchases are supposed to be final, we do not want you to keep any lots which you believe are improperly described. We endeavor to treat our customers as we would wish to be treated were we collecting. Coin collecting is a personal hobby which makes life a little more pleasant. We try to keep it on a friendly basis and value the many friends we have made thru the years. If you have any complaints, we want to hear them as well as any compliments.

Sincerely,

A. M. (Art) and PAUL KAGIN.

SPECIAL DEFERRED PAYMENT PLAN

So that you will not miss this unusual auction sale, we will help you spread the payment for the lots you may succeed in buying. If you have not already established credit with us, send in two adequate credit references before the time of the sale. Indicate on your bid sheet that you wish to take advantage of our Deferred Payment Plan. Upon receipt of the lots on which your bids were successful, send in 50 per cent of the amount due **IMMEDIATELY**, 25 per cent by June 30th, and the remaining 25 per cent by July 30th. In this way you will have the opportunity to buy at "cash" auction prices, yet pay over a convenient period.

SOMETHING NEW HAS BEEN ADDED

We wish to call your attention to the new service extended as per the bottom of the **bid sheet**. After receiving several requests to apply the amount saved in the awarding of successful bids below the bids authorized, we decided to avail this service to all of our clients. It is often exasperating to lose a lot by 25c or 50c when the amount saved on the successful bids would have been sufficient to increase the original bid to the point necessary to receive the lot. May we please hear from you, both pros and cons, in regard to this new service? Your "brickbats" help "keep us in line"—keep it up.

REVERSE, “UNITED STATES OF AMERICA FOUR DOL.” AROUND FIVE POINTED STAR “E PLURIBUS UNUM” ABOVE STAR AND “DEO EST GLORIA” BELOW STAR. “ONE STELLA --- . --- 400 CENTS” ON STAR. **BRILLIANT PROOF WITH WIRE EDGE AROUND BOTH SIDES. THE FINEST SPECIMEN TO PASS THRU OUR HANDS IN SEVERAL YEARS. WE NOTE ORDINARY PROOFS ARE BRINGING \$625. IT WOULD NOT SURPRISE US TO SEE THIS OUTSTANDING GEM BRING BETWEEN \$700 AND \$750. AS RECENT AS A YEAR AGO, SPECIMENS COULD BE OBTAINED IN THE NEIGHBORHOOD OF \$500. WITH RAPID RISE IN VALUE, IT SHOULD NOT BE TOO LONG BEFORE THIS POPULAR RARITY APPROACHES \$1000 IN VALUE.**

\$3 GOLD

An intriguing short-lived series, in fact, the shortest number of years struck of any United States regular gold series (1854-1889). Many were used for jewelry purposes and as a result, the number of specimens actually in existence is far smaller than the mint figures indicate. Very popular and rapidly rising in value.

"PIRATE GOLD"

The "Pirate Gold" referred to in history and literature consisted of the Spanish American gold coins, more specifically the 8 scudo pieces or "doubloons" as they were frequently called. They were the standard unit of exchange for the world for several hundred years but were used primarily in the Americas. In fact, they were legal tender in the United States until 1857. They were the main unit of gold coin that circulated in what is today the United States and continued to pass in current exchange until the appearance of the double eagle. In fact, the reason for the \$16 Pioneer Gold Bars struck in California during the gold rush was to have a unit equal in value to the doubloon.

The pirates were especially fond of these large gold pieces which they seized on the "Spanish Main" (West Indies) from ships sailing from the colonies in the Americas to Spain heavily laden with gold coin, silver and treasure. A large quantity of these doubloons were buried by the pirates for "safe keeping." Frequently, those who knew the secret burial place were all killed in battle and the secret forever lost. Occasionally a few specimens are found or washed up by the sea but the great majority have been lost or melted down for their intrinsic value. Invariably, considerable attention is given these "Pirate Gold" pieces both by collectors and non-collectors alike whenever they have been displayed and properly described.

We believe that a few of these pieces properly belong in every United States collection since they circulated in the United States until 1857. Of course in a collection of Historical and Romantic coins, they stand out in a class by themselves. The following is one of the largest selections of these historical coins to pass thru our hands in some time.
